

Activity Duration: 5 - 10 min

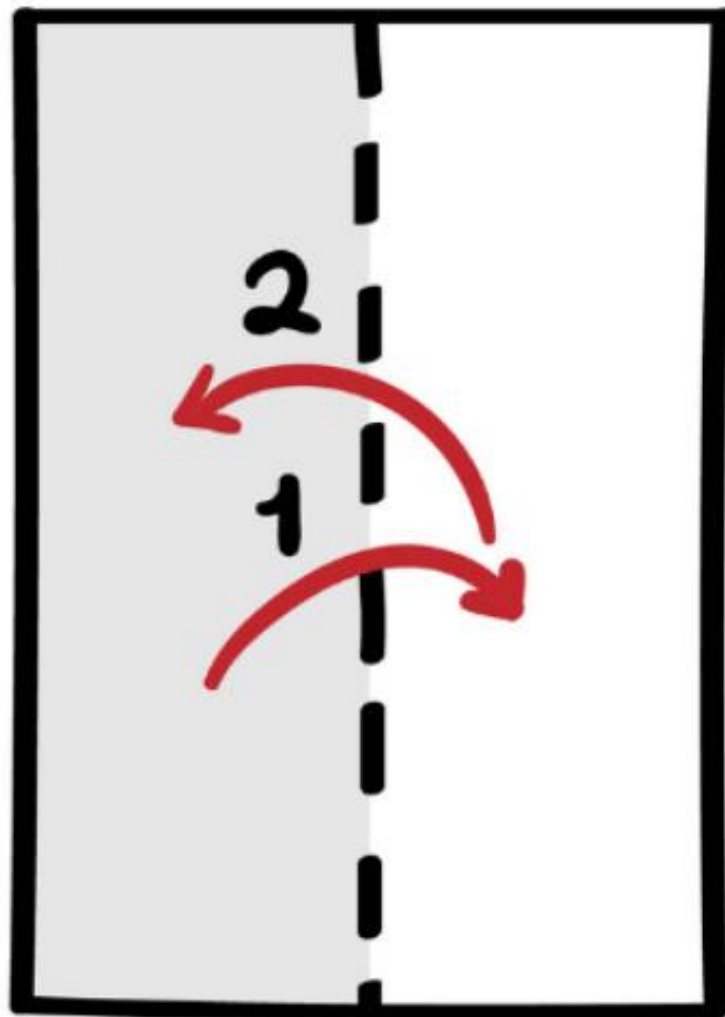

Age Group: 4 - 5 years

What you need?

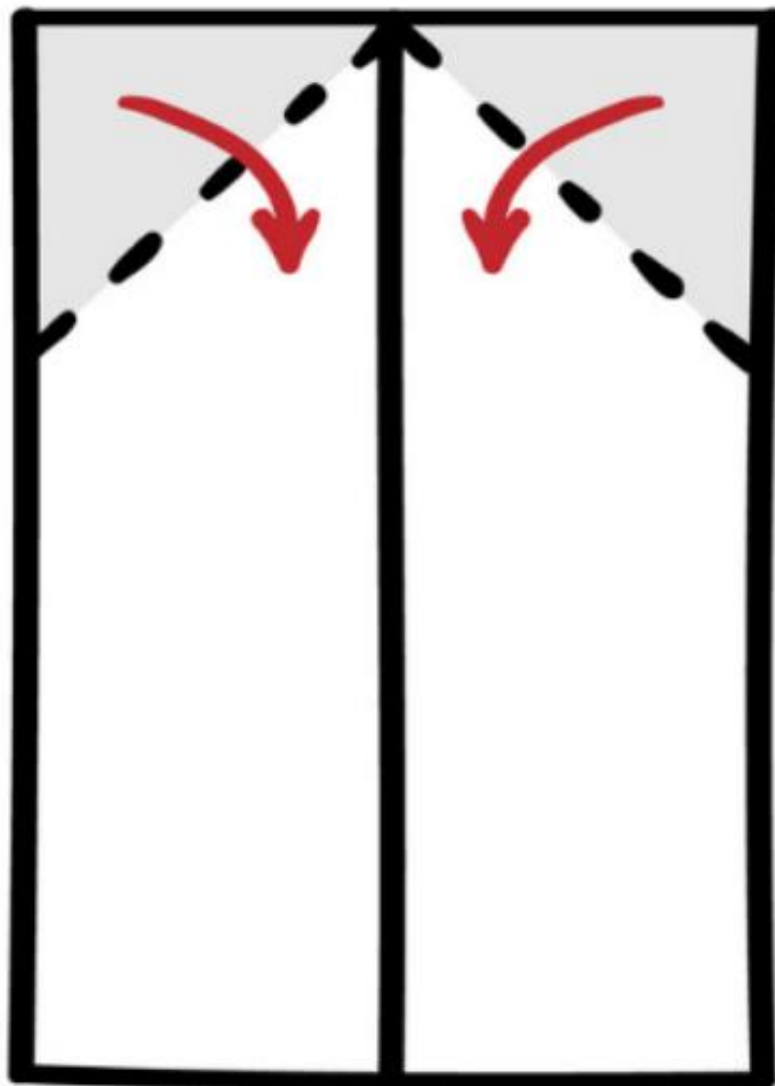

Rectangular sheet of paper

Objective:

Learn to make paper airplane with this easy step by step activity guide.

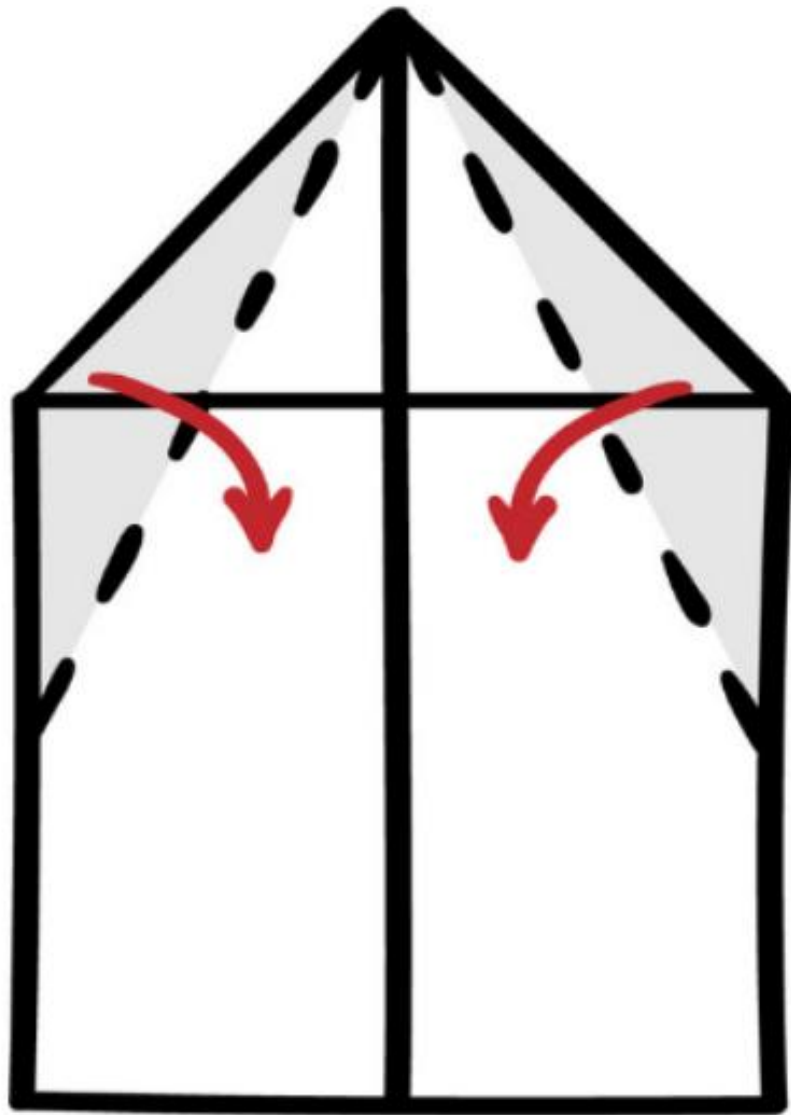

1. Take a rectangular sheet of paper.
2. Fold the left half of paper to right.

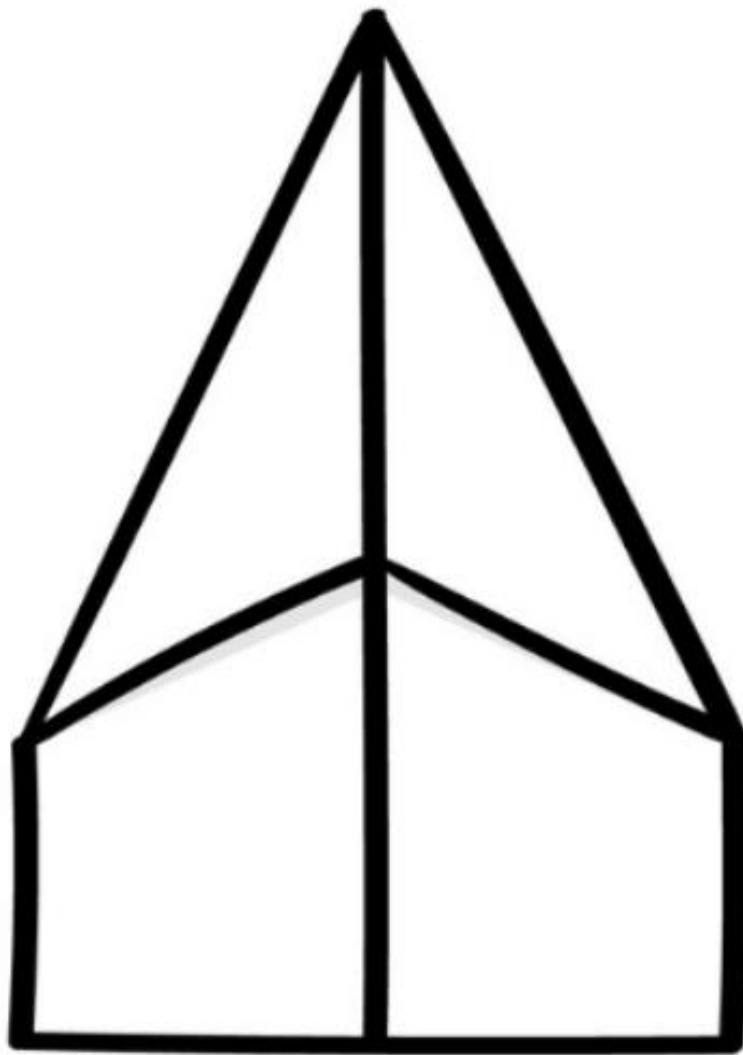

3. Unfold the paper.

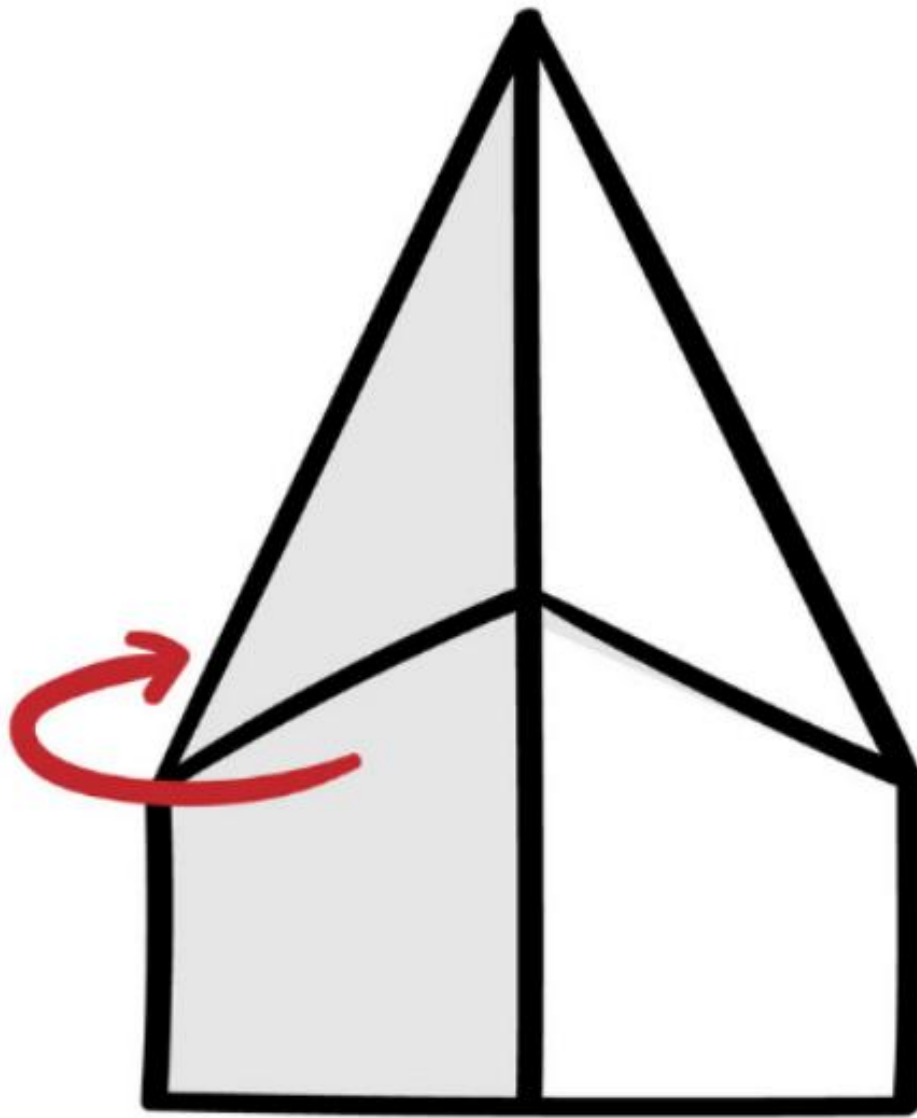

4. Fold each of the top corners to the centre.

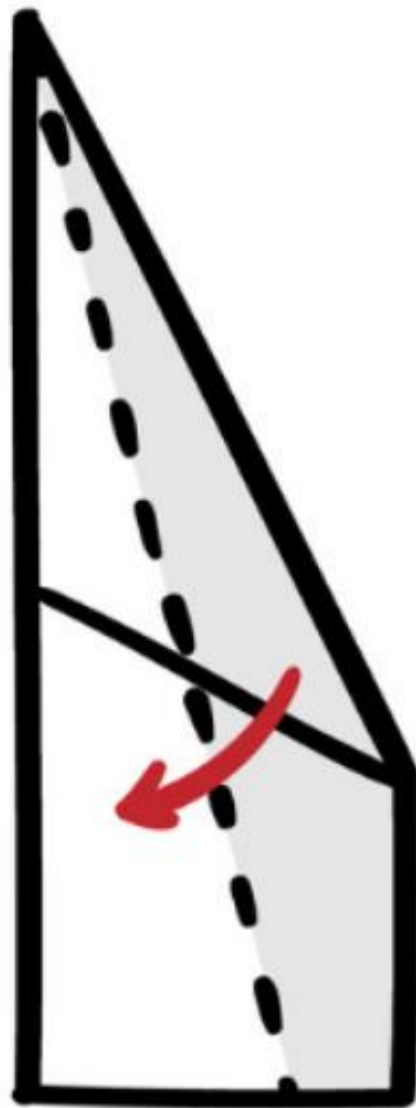

5. Fold again the new left and right corners to the centre.

6. After folding the new corners the paper will be in the shape as shown in the image.

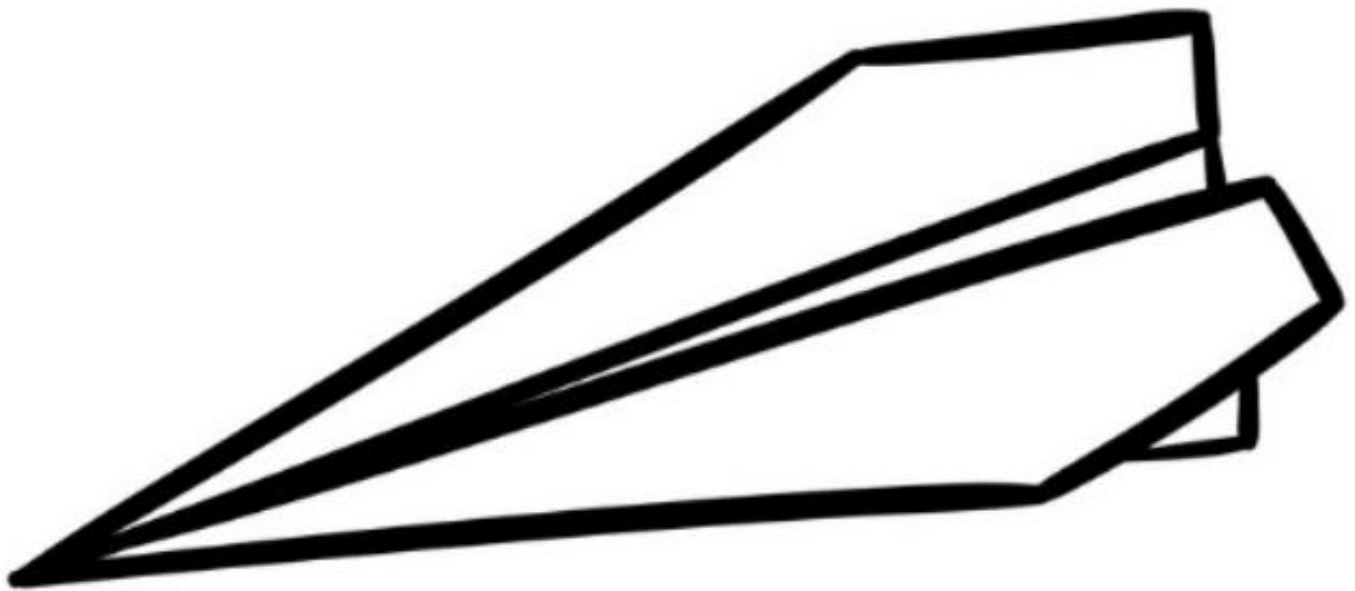

7. Fold the plane in half from right to left.

8. Fold the left edge of the paper to the right so that the fold you made stays inside.

9. Hold the inside fold and unfold the wings.

10. Your airplane is done.
